

# MAKE BOW BETTER

Want to make Bow safer, quieter and cleaner?

Fed up with cars using our streets as a short cut?

Worried about your children breathing in diesel fumes?

**Well, now there's a chance  
to change things.**

Liveable Streets is a Tower Hamlets Council scheme  
to fix these problems.

To support the proposals, visit:

Ask friends, family and neighbours to do the same.

Consultation closes 29<sup>th</sup> July 2020.

**Healthier . . . less polluted . . . safer . . .  
let's make Bow better together!**

*We are a group of local residents, parents, cyclists and drivers who support  
the Liveable Streets proposals for our neighbourhood.*
